CORRECTION TO PREVIOUSLY FILED DISCLOSURE STATEMENT

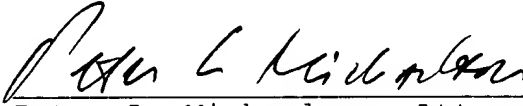

The Disclosure Statement filed on June 21, 2001 contained a typographical error in that it stated the application number for Japanese Published Utility Model Patent Application (reference AA) as 2-83627. The correct application number is 2-83637. A copy of the correct Japanese patent application accompanied the prior disclosure statement.

For the Examiner's convenience, the applicants have enclosed a corrected form PTO-SB/08A.

The applicants believe that no additional fee is required for this correction. However, in the event the applicants are mistaken, kindly charge any additional cost, as appropriate, to deposit account number 13-3083.

Respectfully submitted,

July 16, 2001
